Weekly Newsletter

BlockC²⁷

Blockchain Use Cases

Hey Folks,

We renamed our weekly newsletter to BlockC²⁷ because of our technology space, and it is also coining with the new name with the Power of 27. It represents the Trio raised to the Power of Three. The suggestion came from my Mentor, Guide, and one of the Finest tech enablers in India, Prabhu Ram, Head, Industry intelligence Group CyberMedia Research (CMR). Thank you, Prabhu Ram.

This week issue of the newsletter focuses on Blockchain use cases adaption to Gurukul education systems; Blockchain SaaS is becoming hot pursuit. We are minimising any cryptocurrency related news, as Blockchain is the technology that underpins the cryptocurrency, not otherwise. We focus more on Blockchain use cases. [Read more](#)

Best Regards
Prabir

Traceability Becoming A Driving Force

With the food trends and choices such as Vegan, Plant-based, diet-based meals and organic produce, hydroponically grown fruits and vegetables, Consumers are reaching for items with brighter health halos,

ESG Buzz and Blockchain Traceability

India has introduced new environment, social, and governance (ESG) reporting requirements for the top 1,000 listed companies by market capitalization. The Securities and Exchange Board of India (SEBI) stipulates that the disclosure must be made through a new format, namely the Business Responsibility and Sustainability Report (BRSR). BRSR reporting has been voluntary for FY 2021-22 but will be mandatory from FY 2022-23..

Metaverse, NFTs, and DeFi, redefine the global priorities over time

Facebook rebranding itself as Meta is old news, right! While the topic seems a bit dated, the concept has snowballed in making the crypto space more inclusive. A realm that was ignored for trying to better the payment space suddenly started garnering holistic attention. Quite appropriate, isn't it.

Blockchain's survival code

For sure, blockchain's adoption as the platform underpinning cryptocurrencies and now non-fungible tokens (NFTs) have catapulted the technology platform into the public glare, so much so that it is now widely assumed that without crypto to enliven it, blockchain will wither away. According to Venture Intelligence, the Indian startup ecosystem witnessed venture capital funding deals worth \$511 million in the cryptocurrency, blockchain, NFT ecosystem in 2021 compared to \$24 million last year but almost 90% of the funding went to crypto exchanges.
